Dear Shareholders,

Your company has had a very significant year in terms of its geographical spread as far as the core print business is concerned by entering and publishing from Kerala, we have completed the last mile in coverage of the four states of South India and have emerged as the undisputed no. 1 English daily in South India.

The growth in revenues this fiscal has been challenging both for your company and the nation that is grappling with high inflation, high interest rates and a looming threat of slowdown in the GDP growth coupled with not so encouraging global economic environment as well.

This has been a further daunting task in the face of political uncertainties in the southern states that your company operates in.

We have also witnessed a rising raw material cost that has not helped the situation. Despite these, the management of your company and its committed team has achieved satisfactory results and have made constant innovation to mitigate the risks.

After three years, Deccan Chargers has a new team which is young in its median age and committed to improve on the previous teams performance going forward.

As I pen this letter to you, the country has had a good monsoon and we are seeing decline in commodities prices which signal tapering inflation and pause to interest hikes which will increase consumer spend and growth, that gives us the confidence that from the last quarter of 2011 and first quarter of 2012 we will see the start of an uptick in revenues & profitability.

I take this opportunity to thank the support of your board of directors, suppliers, employees and our millions of readers.

Sincerely,

T. Venkatram Reddy
Chairman

Management discussion and analysis

The financials of the year under review are not strictly comparable to that of previous year as Netlink Technologies Ltd., Odyssey India Ltd., and Deccan Chargers Sporting Ventures Ltd., the subsidiaries of the company, were amalgamated with the company from the appointed date of 1.04.2010.

The year 2010-11 was difficult and challenging for the company as the continued uncertain situation in the markets in which the company operates has led to a decreased spend on advertisements thereby affecting the advertisement revenue growth. Consequently, there was fall in the profitability with profit after tax at ₹.16,258.30 lakhs compared to ₹. 26,091.81 lakhs in the previous year.

Operations Review

Deccan Chronicle, the flagship newspaper of the company continues to be the leading newspaper of South India. During the year under review, your company launched editions of Deccan Chronicle from Coimbatore as a measure of consolidating its position in Tamil Nadu and from Kochi in Kerala to make its maiden foray in that state. While Coimbatore edition of the paper has received good response, that in Kochi is promising. The above launches are expected to increase the readership and reach. Your company plans to consolidate its leadership in South India by launching few more editions starting with Thiruvananthapuram shortly and also increase the circulation and readership in the existing centres.

The circulation of Deccan Chronicle grew over 3%; as per Audit Bureau of Circulations (ABC) for the period Jul-Dec 2010 the average daily circulation is 14.23 lakhs copies as against Jul-Dec 2009 circulation of 13.79 lakhs copies.

The breakup of average daily circulation (in lakhs) is as under:

	Jul-Dec 2010	Jul-Dec 2009
Hyderabad	5.94	5.72
Rest of Andhra Pradesh	2.61	2.51
Chennai	3.15	3.11
Bengaluru	2.53	2.45
Total	14.23	13.79

The Hyderabad IPL Franchise 'Deccan Chargers' owned by the company is expected to enhance the brand value of the company and visibility. This is further indicated by the addition of two new teams in the league, the highest at a price of nearly ₹.1700 crores.

In IPL 3 the team qualified to the semi finals level though could not reach the same in IPL 4. The IPL 3 home matches were not played in Hyderabad due to local conditions, however the IPL 4 home matches conducted in April-May 2011 were played in Hyderabad. The financials for the year under review include the results of IPL3.

The performance of 'Odyssey' chain of leisure stores of your company offering consumer lifestyle products of books, music, stationery and gifts during the year under review was impacted owing to reduced margins, decrease in consumer spend on leisure and lifestyle products on account of inflation, increase in

the real estate and staff costs. The company is taking effective steps to rationalize stores, reduce costs to have positive impact on overall performance.

Industry Overview

During the year under review, the Indian Economy continued to show resilience. However higher inflation of commodity and food prices continues to be a key concern, due to which Reserve Bank had to raise interest rates multiple times during the year.

The Indian Economy is expected to maintain its growth rate in the coming years notwithstanding external shocks, which is likely to translate to an increased advertisement spend, and the print media being a preferred medium is likely to derive a major benefit of the same.
